# SAFETY

Your safety and the safety of our community is paramount. Emergency Services and trained staff are on-site and operational 24 hours over the weekend.

This includes a dedicated team from Police, Fire, Ambulance, the Golden Plains Shire, and independent risk and safety professionals who continually strengthen our safety management plan to reflect current best practice. Every critical safety decision is made collaboratively with this team. Their support is critical and we respect their work immensely.

#### As part of our safety management plan:

- Emergency Services and experienced staff are on-site 24 hours during Meredith and Golden Plains.
- Professionals monitor and advise on situations across Victoria prior to and during the weekend,
   and
- If required we will activate our communication plan.

Keeping you updated about major incidents and emergencies is a central part of our safety management plan.
